Let Your Residents Enjoy A Greater Quality of Life

Provide Superior Skin Care

Our patent Acquisition Pad provides protection where it is most needed - quickly absorbing for greater security and increased skin dryness. This briefs 38gr of superior absorbent polymer (SAP) locks in and eliminates wetness immediately, inhibiting the growth of bacteria.

Self Sizing

The hook and loop tabs along with the improved cloth back covering replace adhesive tape tabs and plastic backing and can be attached anywhere on back cover of brief without being compromised from oil based ointments or powders. It features the same superior absorbency, capacity and product sizing as the standard Absorbent Plus Brand. The standing leg gathers (SLG) provide a snug fit for greater comfort and leakage protection, while acting as a barrier between the elastic band on the leg opening of the briefs.

Lowering Total Costs

The overall daily savings come from all of the related "extra" costs and from the reduced number of briefs used. Less Leakage and less tearing means less clean up, and also lower costly laundry expenses. The greater absorbency and rate of liquid acquisition will create an environment where diaper rashes will occur less frequently, because of less liquid against the skin. This means less money spent on skin/wound care products and barrier creams. All of this combined with the already competitive pricing-savings and performance set Absorbent Plus apart from all the others.

- **Easy to use, resealable Velcro®-style fasteners**
- **Clothlike quilted fabric with breathable zones**
- **Standing Leg Gathers for extra skin protection and to block leakage**
- **Unique super absorbent acquisition pad for extra dryness and comfort**

BRIEFS

Choosing the appropriate brief size assures against leakage and provides protection and comfort.

WEIGHT

Use the sizing matrix chart as a reference only. For more accurate sizing, determine waist size by measuring hip bone to hip bone, double the result then add two inches.

(Example: Hip to Hip Measurement: $18'' \times 2 = 36'' + 2 = 38''$ - Large Size)

Adjustments should be made in regard to gender, and certain conditions that may affect waist measurements such as distended abdomen, amputations, etc.

WAIST SIZE KEY

Brief Color	Size	Waist
	Medium	21" - 36"
	Large	36" - 43"
	X-Large	43" - 54"
	XX-Large	54" - 63"

Absorbent Plus Briefs are latex-free and have undergone extensive bacteriological testing. Product is F.D.A. registered.
